*Everyone is an athlete....we just have different events*

## Melbourne Marathon Festival – let us help you prepare to reach your goal

**10%  
OFF**

**all treatments**  
to support and help you  
prepare for your event

Physioworks Health Group prides itself on assisting our community to improve their health and fitness, optimise their performance and reach their individual goals.

Our mantra at Physioworks is *"Everyone is an athlete.... we just have different events"* and the multiple events at the Melbourne Marathon Festival present challenges at different levels for all, from experienced athletes to first time runners.

Some of our team at Physioworks are using the challenge of the Melbourne Marathon as the driver for their winter/spring exercise program.

Many of our clients are preparing for, or considering entry into, one of the events at the Melbourne Marathon. Some have registered for 42km Melbourne Marathon, others for the Half Marathon or the 5km and 10km runs or the 3km walk.

So if you are participating let us help you to reach your event goal.

Our **'Melbourne Marathon Squad Rate'** applies to all treatments across all our clinics and is applicable to every event at the festival to be held on Sunday October 13. Just provide your entry registration number to reception to be eligible for your 10% discount on treatments.

So if you need advice about an appropriate training program; treatment for a niggle or injury or perhaps you need a massage to loosen those joints, contact the team at Physioworks.
